

A WRECKER OWNS UP
TO A DASTARD DEEDMYSTERY OF THE SOO SMASH-
UP CLEARED AWAY.

Levitt Hazelton Says He and Frank Williams Are Responsible for the Death of the Fireman Who Was Killed in the Disaster Near Heafford Junction.

MERRILL, Wis., Nov. 1.—Two men, charged with the murder of the man who lost his life by the recent train wreck on the Soo road, were given a preliminary hearing here yesterday and were held to trial. One of the prisoners has confessed and his story details the methods pursued to derail the through Minneapolis-Boston limited near Heafford Junction the night of Oct. 7. In the crash Fireman Charles Cottrill was instantly killed and Engineer James Dutch seriously injured. The man who confessed is Levitt Hazelton, about 30 years old, who claims to be a resident of Bainerd, Minn. His companion is Frank Williams, a short, thickset man, who claims to have relatives and friends at Appleton, Wis. Williams stoutly maintains he knows nothing of the wrecking. The officers traced these men from Minneapolis to this city.

The men broke into the tool house at Prentice Sept. 30 and stole an oil coat and an overcoat. That night, according to the story, they saw a bridge near that place, but owing to the short time in which they had to do the work it was not complete and the train passed over safely. Oct. 7 they saw the piles and stringers of the high bridge near Heafford Junction and the westbound passenger train went crashing down a twenty-five foot embankment. The train was running slowly, so the wreck was not as complete as the wreckers expected. The baggage, smoking and day coaches and two sleepers were not broken and none of the passengers were hurt. Oct. 11 Sheriff Payzar received a telegram from the station agent at Irma to look out for two suspicious looking characters. That night the sheriff, accompanied by others, stationed himself about a mile from the city, near Lake View, and about 10 o'clock two men appeared. They were taken into custody and were found to be heavily armed.

The Soo officials were notified and detectives put on their case. The men were sentenced for thirty days for carrying concealed weapons. Last Wednesday they were taken before Court Commissioner Helms charged with the murder of Fireman Charles Cottrill. They pleaded not guilty and their examination was set for yesterday.

Last Friday Levitt Hazelton signified his willingness to confess, and yesterday told exactly how the crimes had been committed.

THEY KEEP MR. ZINCK'S NAME DARK

Recorder Has Nothing to Say About Their Assembly Candidate.

If the Recorder thinks the voters are as thick headed as the official heads of that paper they are much mistaken. They know full well that the Curtis sewer bid was informal because it did not comply with the regulation advertised to govern the receiving of bids and from which the committee couldn't deviate.

Their candidate was forced upon them and they are making a desperate and dishonest fight against Mr. Kimball in order to show him that they are "wid him" even if they haven't mentioned his name at all and did not get it in their ticket until pressure was brought to bear. They are blackguarding Mr. Kimball but they do not let anyone know who their man is. Why?

QUEER TALES TOLD BY OLD SETTLERS

NOVEL PARTY GIVEN BY MR. AND MRS. JEFFRIS.

Each of the Guests Had To Answer an Interesting List of Questions Concerning the Early History of Janesville—Mrs. Bostwick Janesville's First White Child.

A novel party and one that developed some interesting facts, was given by Mr. and Mrs. David Jeffris at their home last night. It was called an "Old Settlers' Tea," and it was found during the evening that Mrs. Robert M. Bostwick, who was formerly Miss Helen Bailey, was the first white girl born within the city limits, and besides being the first white girl born here, she was the third child born in Janesville. Each guest was given the list of questions to answer concerning old times, the questions with the correct answers being as follows:

Who was the original old settler? Answer, Adam.

What three towns were platted on the present site of Janesville? Wisconsin City, Rockport and Janesville.

Give the full name of the founder of the city. Henry F. Janes.

When was it incorporated as a city? 1853.

Who was its first mayor? A. Hyatt Smith.

What members of the first city council still live here? R. B. Eldredge and J. J. R. Pease.

M. S. Prichard's Long Service.

What first city official holds the same office today? M. S. Prichard.

Who was the town's first merchant? Thomas Lappin.

What was the Indian name of Rock river? Sinissippi.

What was the first church building erected? Trinity Episcopal.

Who was the first white child born within the city limits? Seth B. St. John, a cousin of Dr. J. W. St. John.

When did the first railroad reach Janesville? 1853.

Where was the school for the blind first held? At Mrs. Hannah Hunter's residence on North Jackson street.

Who donated the present site? Captain Ira Miltimore?

How did Monterey get its name? From the battle of Monterey in the Mexican war.

What former church building is now a residence? Primitive Methodist and situated on Center street, in the Fourth ward.

What former residence is now a church? St. John's Lutheran, on Bluff street, formerly A. Hyatt Smith's residence.

What "houses of prayer" have become houses of merchandise? The Baptist and Presbyterian churches and the old buildings, William H. Tallman's laboratory now a tobacco warehouse.

Church Now a Hotel.

What house has become "a lodging place of way-faring men"? Hope Chapel that used to be on East Milwaukee street, now the Riverside hotel on Pleasant and River streets.

What present building has been the home of a private citizen, of an ex-governor, of a female seminary, of a charitable institution, and has traveled? What was the old "City Hospital," now on Mineral Point avenue. It was first the home of William Truesdell, then the home of Governor Barstow, then Mrs. Sarah Anderson's female seminary and when the railroad called the "Janesville cut off" was built it was moved from North River street to Mineral Point avenue.

Answering these questions bothered the "old settlers" somewhat and recalled old times.

AND HE SUCCEEDED.

What a Determined Will Undertook To Do.

He Found Something That Very Much Astonished Him.

And He Was Wise and Smart Enough to Make the Most of It.

Are you ever troubled with rheumatism? If so, you know what it is to suffer, and you would like to get well. It is a disease which infects the blood, and is liable to appear at any time in different parts of the body.

It often goes to the heart, which makes it a very dangerous disease. Winslow A. Litchfield, Esq., a well known man of Chelsea, Mass., has long been a fearful sufferer from rheumatism. He is superintendent of the Garden Cemetery, and resides at 52 Chester Ave.

He tried all manner of remedies without benefit, but at last found something that surprised him in its power to cure this disease. He is so pleased at his remarkable cure that he writes the following letter:

"For several years I have been troubled with that awful disease, rheumatism. I was in a very bad way, suffering tortures from the rheumatic pains and could get nothing to help me. I tried many remedies and doctors but got no benefit.

"It affected my whole general health, and I was greatly worried for fear I should never get well. I determined to keep on trying and to recover if possible. By the advice of a relative who had used Dr. Greene's Nervura blood and nerve remedy, and been cured, I began using it.

"From the very first I felt a great improvement and the pain grew steadily less. In a short time I could sleep well and the pain left me. I am satisfied that Dr. Greene's Nervura blood and nerve remedy is a splendid medicine, and that it will do all it is advertised to. It cured me and I take great pleasure in recommending it to all sick and suffering persons."

Rheumatism is one of the most painful and dangerous diseases if neglected. The joints often become terribly swollen, causing the greatest agony.

Dr. Greene's Nervura blood and nerve remedy cures it. It is the surest and most positive cure known. If you have rheumatism or any form of blood or nervous disease, take this wonderful remedy and you will get well. Try it and see for yourself. It is the discovery and prescription of that famous physician, Dr. Greene, of 33 West 14th street, New York City, the most successful specialist in curing nervous and chronic disease. He can be consulted free, personally or by letter.

Not Satisfactory.

"I understand," said the detective, "that you had a clew to the whereabouts of Crookles, the famous criminal."

Y.** We will pay **TEN DOLLARS EACH** for approved drawings with appropriate reading; or \$5.00 each for designs or reading matter only. This offer is open to all. The competition will close December 1. As soon as possible after that date we will pay for accepted designs and return the others. Remember, for complete, acceptable advertisements we pay.

When merchandise is sold for less

than the cost of production, as has

been the case in many retail stores

during this year, it does not mean

prosperity for anybody. It means

robbery of somebody, usually the

creditors of some bankrupt manu-

facturer. Stop this sort of business

by voting to put the republican party

back into power.

When men return to work at great-

ly reduced wages, as the Indiana

glass workers did recently, the dem-

ocrats herald it forth as a sign of

returning prosperity. Well, that isn't

the kind of prosperity the republican

party gave the country.

Thirty years of the greatest prosper-

ity the world ever saw is what the

republican party gave this country.

Restore it to power if you wish an-

other era of plenty and prosperity.

"American wages for American

workingmen," is one of the funda-

mental beliefs of the republican

party. If you endorse that belief see

that you vote the republican ticket.

Ambassador Bayard told the democ-

rats of Delaware that it was lack of

confidence that caused the financial

panic. Correct; lack of confidence in

the democratic party.

The Populists will rally at Lappin's

opera house tonight. This is evident-

ly a mistake. They should have held

their celebration last night; hallow-

een.

If you like "hard times" and low

prices—the lowest of all for the poor

man's principal product, labor—vote

to keep the democratic party in power.

The intelligent voter will not allow

himself to be bamboozled by the fol-

lowers.

FED CLIFFORD FREE AND NOW ASKS PAY

CAPT. PUGH'S SLAYER SUE AT MILWAUKEE.

Mrs. Emma Simpson Brings an Action To Recover \$345, Which She Says Is Due From Him for Board and Loans—News of the Town.

HARTLEY CLIFFORD, whom Janesville people remember was tried here for the killing of Captain Pugh of Racine, but afterwards pardoned by the governor, is in hot water at Milwaukee. Mrs. Emma Simpson began suit against him, as he claims for breach of promise. This she denies and says she never dreamed of such a thing. The suit she has brought against him in the complaint when filed, she says, will show that it is to recover \$445 due her for board and money loaned Clifford.

A RARE musical treat is in store for those of our readers who enjoy comic opera. Amorita, one of the most beautiful operas it has been our pleasure to listen to, is to be rendered with all its magnificent wealth of costume and scenery, by the Calhoun Opera Company tonight at the Myers Grand. Almost every seat in the house is sold, and the audience will be one of the largest of the season.

An Uncle Tom's Cabin company that ought to have been sidetracked some where down the line, inflicted a mutilated edition of that play on a Janesville audience at the Myers Grand last night. The production was a vile one, although they were honored by the largest audience of season.

THE Janesville Carriage Works shipped today one of the finest vehicles in the shape of a hearse, that ever left Janesville. This concern has an excellent reputation on high grade buggies and wagons, and they deserve it.

If we should quit advertising and Geo. P. Rowell & Co., should quit publishing Printers Ink, the small specimen who "apes" us could not write an advertisement as he would have nothing to copy from. T. J. Ziegler.

THE new hose wagon was on the street this morning. It was made by the Janesville Carriage Works and is a beauty, much superior to any wagon ever purchased by the city for the fire department.

If you could get good for the same price that poor would cost, you'd take the good, wouldn't you? Of course you would. Then when you want diamonds, go to A. F. Hall & Co., "the reliable jewelers."

HAD A HOUSE FULL OF GHOSTS.

Miss Jessie Shearer Entertained "The Club" in a Novel Way.

Miss Jessie Shearer entertained The Club in an unusually pleasant manner at the home of her parents, Mr. and Mrs. James Shearer, on Mineral Point avenue last evening. Ghostly decorations, of an elaborate kind, astonished the guests upon entering the house.

Everything was white, from the carpet to the ceiling; pictures were covered with muslin upon which were painted skulls and crossbones, and the cloth was folded so that each picture was equipped with long ears. Green globes on the gas fixtures shed a ghastly light on the company and all hallow-
een was fittingly celebrated. The guests all wore disguises of white and prizes were offered for the one who guessed the identity of the largest and the smallest number. Miss Theresa McKinney won the former and Mrs. J. D. King the latter.

TOO MUCH CHLORAL FATAL TO CROWN

WILD EDGERTON BUTCHER FOUND DEAD IN BED.

He Came From the West and Said That He Had Killed a Man in Washington, and Stood Ready To Repeat the Performance in Edgerton.

Chloral killed Charles Crown at Edgerton yesterday and a career that was said to have been a checked one before he came to Edgerton from the west, was cut short. Crown got the chloral from a physician with directions for its use, but he took enough to kill half a dozen men and was found dead in his bed at his boarding place. A coroner's inquest resulted in a verdict of accidental death. Crown was a butcher and worked for Pen Brown. He was more or less dissipated in his habits and had made threats against the lives of several people, among them Mr. Brown. He came to Edgerton from the west and claimed to have killed a man in Washington. The remains were interred at Edgerton.

Ex-Priest Slattery is Coming.

On next Sunday afternoon and night, November 4, the people of Janesville will have an opportunity to hear Father Slattery and his wife, the well known converted Catholic priest who comes from Boston. He is to give a lecture on the subject, "Why I Left the Roman Catholic Priesthood and What I Saw Therein," at Light Infantry Armory. It is claimed that he is the most eloquent speaker on Romanism who has ever been in our city. He has recently been lecturing before crowded houses in Milwaukee, where they have received flattering notices of their lectures.

Mrs. Slattery, formerly known in the convent as Sister Mary Elizabeth, will lecture Sunday night. Subject, "Her Rescue From the Convent, by her Cousin Lady Morton, of England." Mrs. Slattery is the only sister at present lecturing on the American platform.

Ladies and gentlemen will be admitted to both lectures Sunday afternoon and night. Mrs. Slattery will speak "to ladies only" on Monday afternoon at 2:30, and Mr. Slattery "to men only" on Monday night. All lectures are different. Remember ex-Priest Slattery speaks Sunday afternoon at three o'clock.

See advertisement in to-day's paper. Be sure and come Sunday afternoon. A thousand seats will be provided.

Excursion tickets at a fare and a third for the round trip, good for return until Monday, will be sold by the Chicago, Milwaukee & St. Paul Ry. Trains will leave Janesville at 9:35 a. m., 1:10 p. m. and 6:20 p. m. Game will be called at 3 o'clock.

A Bit of Sound Advice.

When the eyes become weak, take to the spectacles. When the business languishes, push it. When you have your eyes treated, always consult a thorough optician, such as W. F. Hayes is at F. C. Cook & Co.'s. Mr. Hayes is busy all the time adjusting spectacles. He has a wonderful business in his line. The first impulse one should have when the eyes are affected in the least, is to consult an optician. No better in America than our friend, W. F. Hayes, at F. C. Cook & Co.'s.

We Can Lie, But Won't.

We have always made our statements good in the past, and we are too old and have been in business too long to commence to lie now. We are actually selling many articles of clothing at 30 cents on the dollar and will continue to do so for 15 days. Come in and see, if you don't find it so you need not buy. T. J. ZIEGLER.

Baby Pleases Mother.

There's nothing so dear to the heart of the mother as her baby. Do you think she'll be content to put its little pink feet into ordinary, every day shoes? No, she'll look around until she finds Brown Bros. & Lincoln's, where good, soft, dongola, button shoes for babies can be bought from 35 to 50 cents a pair.

Here With An Abundance.

BIG GERMAN RALLY OF 81.

This Was the Recorder's Large and Enthusiastic Meeting Last Night.

Eighty-one people filed out of Concordia hall, after the democratic speakers had stopped talking last evening. The Recorder called this a "large crowd" and it was; for democrats.

Professor Zinck, the candidate for the assembly, made a good republican speech in which he said that a trip through northern Wisconsin led him to state that the Germans had deserted the democratic party. He said also that he had an uncle in the northern part of the state who employed three hundred men paying them from \$1.50 to \$3.75 a day when there was no tariff on lumber. When they put on the tariff their pay wasn't changed.

Gustave Plath, the alleged ex-Upham employe said that Mr. Upham's timekeeper took the time every Friday and asked them how much wages they wanted in cash and how much in books, thereby denying his own sworn statement that they "had to take scrip."

William Smith and F. W. Grumm also talked but the hall was so empty that it sounded like speaking into an empty barrel. And this was a "large and enthusiastic meeting" according to the Recorder!

SAY THEY ARE USING POOR BRICK

Complaints Made About the Material for the High School.

It is being whispered that some of the brick which are going into the walls of the new high school building are worthless, and will not hold the weight required. One prominent citizen said: "It is a shame to see such poor material as they are putting in the walls, and the board ought to employ an inspector at once. I do not want my children to go into such a building."

SEND BAD MR. GAGAN BACK TO WAUPUN

MARTIN, THE MUTINOUS, HAS BROKEN HIS PAROLE.

He Was Released From State Prison Upon His Good Behavior, Which Agreement Is Made Void by the Fact That He Has Been Again Arrested.

Martin Gagan, who is now serving a ten days' sentence in the county jail for vagrancy, will probably be taken to Waupun where he will serve three years at hard labor. Gagan was convicted in Fond du Lac in 1882, on charge of burglary and sentenced to five years in Waupun. After serving two years and showing an honorable record, he was let out on parole. His arrest and confinement in the county jail forfeits his parole. Sheriff Bear notified the state board of control that Gagan was serving time here, and they will visit Janesville for the purpose of investigating the matter. Gagan was brought here Monday from Afton, where he got into trouble with the railroad hands.

MADE FAST TIME WITH A TRAIN

Engineer Dee Hauls a Freight at a "Two Minute Gait."

Engineer William Dee made a fast trip to Janesville from Mineral Point last night on the Chicago, Milwaukee and St. Paul road. He was hauling a train of palace stock cars loaded with cattle and made the eighty-two miles in two hours and thirty minutes which was remarkably fast time under the circumstances. When it comes to running an engine Mr. Dee is pretty near the top of the alphabet.

Agent Hinrichs Family Here.

P. L. Hinrichs, the local agent of the Chicago, Milwaukee & St. Paul railway, has removed his family to this city, and yesterday took possession of the Sutherland house on Center street, opposite the new Sunday school room of the First M. E. church, which will be their residence.

Operator Brockaway Home.

J. F. Brockaway, the night operator of the Chicago, Milwaukee & St. Paul railway, has returned from his sojourn in Colorado, and resumed his post. A. W. Wright, who has been night operator during Mr. Brockaway's absence, returned to his home in Monticello today.

Changing the Wire Lines.

F. P. Earling, superintendent of wires for the Chicago, Milwaukee & St. Paul railway, is in the city, making several changes in the wire runs, especially at the "crossing" between this city and Milton.

Time, Two Thirty P. M.

We started a suspender sale this morning at 9 o'clock; up to the present time we have sold more suspenders than during the whole month of October before. Guess people appreciate our offerings. Saturday, November 3, we name for another sale of 40, 50 and 75 cent suspenders. The price will be the same, 23 cents. Wait until Saturday. T. J. ZIEGLER.

Very Gratifying.

We started out to double our business, we threw profits to the winds, a big volume of business was and is all we care for. Last month was a "doubler," the biggest of our life, this one will be still greater. Join us in our merry whirl. BORT, BAILEY & CO.

NEW STYLES AND MATERIALS.

Bouffant Sleeves, Flaring Skirts and Fancy Velvets in High Favor.

Every time that a question arises as to a change in sleeves fashion responds to the tentative efforts toward novelty by increasing their size. Absurd as it may seem at first sight to employ almost as much material for a pair of sleeves as was used in the days of sheathlike dress for a whole gown, this exaggerated style has certain advantages, or it would not remain so pertinaciously in favor. It makes the head, which is usually too large for the perfect proportion of beauty, seem smaller and increases the apparent slenderness of the waist, besides concealing the angularity of thin arms.

Skirts continue to be very close fitting about the hips, flaring out at the foot to properly balance the width across the shoulders.

The new silks and velvets are very fine, especially those intended for dinner and reception costumes and similar ceremonious toilets. Satin and striped silks will be much worn, and fancy velvets having fine checks and dots, as well as silks embroidered in the Louis Quatorze and Louis Seize styles. For the trimming of these

EVENING GOWN.

rich fabrics there are black and white laces in every variety, some of them embroidered with beads, gold, silver, jet and steel. Fur will likewise be largely employed, and sable and mink will be in greater demand than ever. Beaver and otter also are fashionable, and astrakhan is decidedly in favor. Black, blue and silver fox are used for evening and carriage wraps, the body of the latter being of the most expensive materials, thick brocades, satin figured with velvet and velours de Genes. Pelerines continue to adorn these evening wraps, thereby affording greater opportunity for elaborate trimming, while immense renaissance sleeves are also seen upon them.

An illustration is given of an evening gown of rose faille. The skirt is extremely wide at the foot and is trimmed on each side by a panel of embroidered gauze fastened at the hips by rose satin bows to form panniers. The front of the plain corsage is crossed by two gauze scarfs, a large butterfly knot resting over the bosom. The full gauze sleeves are puffed at the elbow and over the shoulder.

WINTER GOWNS.

Revival of Skirts With Narrow Breadth and Corded Seams.

The tailor costume is a perennial subject of interest to women. They must have one or more at their command. There has been a great deal of effort to get out something radically new in tailor costumes this season, with what result it is as yet rather early to say. Among the novelties to be presented, however, are dresses with very narrow breadths, each breadth piped or corded either with fancy woven cord or one with a silk cover. Years ago dresses with corded seams were all the rage. The older members of the feminine community will recall the old time gabielle or princess dress, with every seam piped with bright or contrasting color. The newest idea is address somewhat on the redingote order, the sides and backs of the dress being full length, the front of the skirt piped and having a vest front effect, with a pointed bodice.

A novelty trimming for dresses is of perforated cloth. The edges are scalloped or pinked out, and a pattern in arabesque

FUR TRIMMED GOWN.

or lace design is cut through the fabric. A stylish dress had the entire front of the skirt made in this perforated fashion; also very deep shoulder ruffles and cuffs. This perforated material is much improved by being lined with bright silk or something that shows color through the perforations. It is said that this cut out trimming is to be in general use for wraps, capes, dresses and millinery. It takes extremely fine and handsome goods to bear it well, and this fact alone will add to its popularity.

A sketch is given of one among the many novelties in the line of fur trimmed costumes. The skirt is of silver gray cloth, surrounded by six beaver bands. Vertical breadths of No. 100 moire ribbon, pistache green in color, extend the full length of the skirt. The round bodice is of green velvet, as are also the sleeves. Four bands of fur extend from the belt to the chest, where they terminate under rosettes of beaver velvet. Beaver bands encircle the neck and wrists. The gray felt hat is trimmed with green ribbon and black plumes, with a touch of pink under the brim.

ELECTION NOTICE.

OFFICE OF COUNTY CLERK }
JANESVILLE, OCTOBER 24, 1894. }

To the electors of Rock county:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock, on the sixth day of November, 1894, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, and the questions submitted to a vote, are given opposite the name of the office and under the appropriate party or other designation, each in its appropriate column below.

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked, and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased, and will be counted for all names written in lieu of one erased or pasted over a printed name. If the voter wishes to vote for some of the candidates of different political parties, he should erase the names of the candidates he does not desire to vote for, and make a cross mark, X, after the name of each candidate he does desire to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office and make a cross, X, in the square at the right of it. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in marking his ballot, can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer, that he is unable to read or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers, in marking same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:
